

## CenAm 08....

January 2008, 20 aircraft, 44 people, and Mexico, Guatemala, Honduras, Costa Rica, Panama, and Colombia. Memories that will last a lifetime.

Our route took us to Veracruz where we met for the first night, then it was off to Guatemala, Honduras, Costa Rica, Panama, and Colombia. Tracking was by Iridium in the BBP Aero Commander

The end of the trip

This is the eleventh time we have taken a group of aircraft through Central America. It is what we call the “grand-daddy” of all our trips and like most of are other trips, it is always about one-third returning members. Watch for an announcement for CenAm 09.
