Twelve months Mexican Liability Insurance:  
US\$290 (non-member price)

The Baja Bush Pilots have the necessary licenses and Mexican underwriters to provide Mexican Liability insurance for your aircraft as required by Mexican law.

And, in a special arrangement with the underwriters, we now can offer this insurance via the Internet 24/7.

Now, for the first time we can provide you liability insurance instantly 24 hours a day 7 days a week. You fill out the form on line, click to send, and receive your certificate instantly. And a second copy is emailed to a destination of your choice for backup purposes.

The certificate is in both English and Spanish so that there is no question as to what your certificate covers when asked on either side of the border.

**Once you submit your request, it is fully earned and is not transferable to other persons or aircraft.**

Upon receipt of your application, charges may be adjusted if the form is marked wrong i.e. you indicate that you are a current member but are not.

Current Member is defined as one who is current with their annual dues.

The BBP Liability Insurance for your aircraft provides you with US\$300,000 combined single limit civil liability.
